

Adding Term of Office of the Contact Person

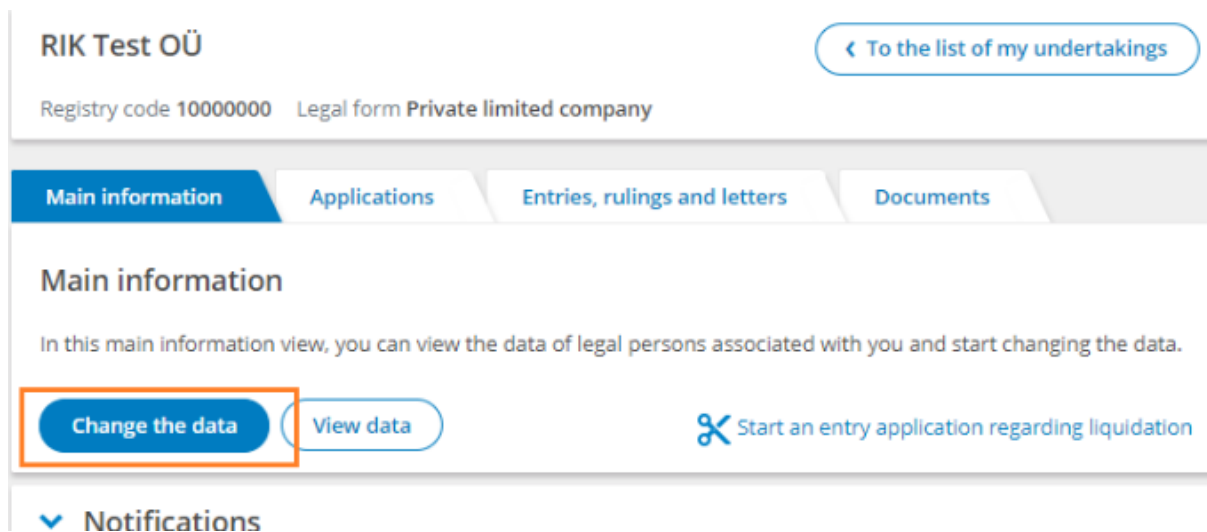

Legal entities whose address is located or a board resides in a foreign country must appoint a contact person.

First, the representative of the legal entity must log in to the portal by clicking on the Sign in button in the upper right corner. Select the means of authentication - ID card, Smart-ID or mobile ID and log in to the system.

After successful authentication, press the "My Undertakings" button on the home page

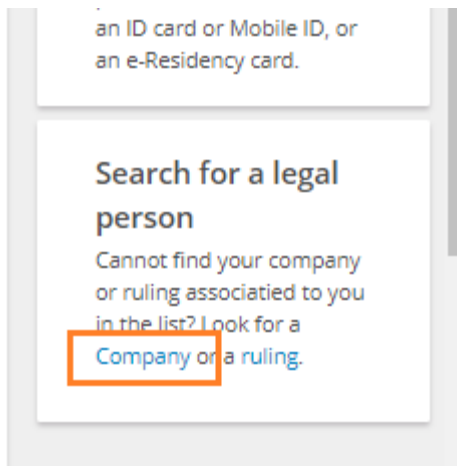

If the legal entity related to you appears in the list on the opened page, click on the name. Then you will see the page of the legal entity, and to start the change entry application, you need to press the "Change data" button.

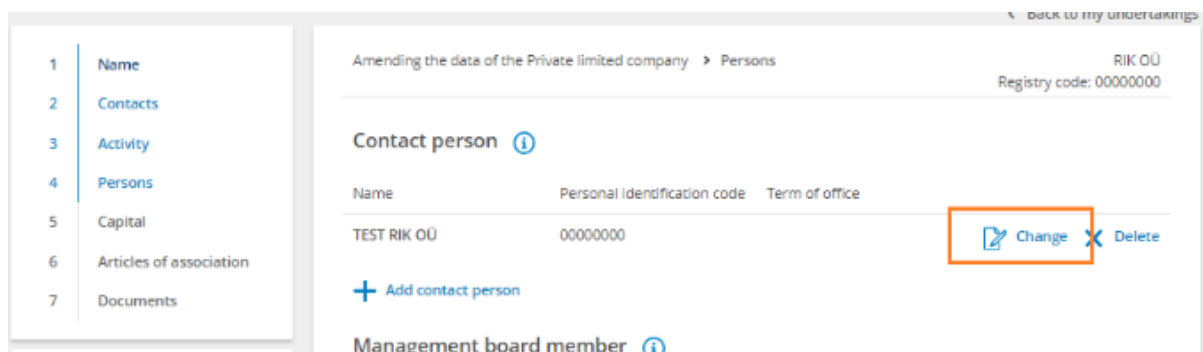

If the legal entity is not displayed in the list, but you have the rights to change the data, click on the link "Look for a Company" in the "Search for a legal person" section on the right, at the bottom of the page. You can then enter the company name or registry code and search.

You must select the desired company from among the search results by clicking on the name of the company then on click on "Change the data" button and confirm that you have the rights to change the data.

A change entry application form will open for you, where you can add a Term of office to the contact person's data in the "Persons" section. First click the "Change" link at the end of the Contact person data line.

Then enter the term of office of the contact person in the form that opens.

[Save](#) [X Cancel](#)

The contact person's consent must also be added to the application in the "documents" section, either as a file digitally signed by the contact person (file type "Contact person's consent")
If consent is not attached as a document, the contact person must digitally sign the entire application in the e-Business Register portal at the "Signing" stage.

Next, you have to move to the signing stage, where the board member of the legal entity must sign the application. If the contact person's consent is not attached as a digitally signed document to the application, the contact person must also sign. To sign, press the "Sign" button. You can only sign with an Estonian authentication tool - ID card (including e-residency card), smart-ID, mobile ID.

If only the term of office of the contact person has been added or changed in the application, the state fee does not have to be paid.

However, if a new contact person is added (or other information has changed), a state fee must be paid.

If a legal person has the obligation to appoint a contact person, the registrar may initiate proceedings to fine or delete the legal person in the absence of a contact person.

The contact person's information will be automatically deleted in the future also if the term of office date has passed.
